## Why Choose an Internship at MEH?

**Arthroscopy Surgery**

### HOSPITAL OVERVIEW

**Milton Equine Hospital** is the largest equine surgical referral centre in Canada, founded in the Greater Toronto Area by Dr. Marc Desjardins and Dr. Nathalie Cote in 2006.

We are a strictly referral facility for other equine practitioners.

We conduct approximately 1500 surgeries annually.

We accept six applicants annually for a year-long surgical internship that commences July 1.

Close to Mohawk Raceway and Woodbine Racetrack (home of the Queen's Plate), the Rogers Centre and Niagara Falls.

### DAILY SURGERIES

On a typical day we perform at the hospital:

3-6 elective surgeries ( from referring vets across the province)

1-4 outpatient procedures

0-4 emergencies

### INTERNSHIP OVERVIEW

Our internship will help you develop better surgical skills while assisting surgeons in diagnosis and treatment of elective and emergency surgical cases.

You will also become more proficient in anesthesia, imaging (digital radiography, fluoroscopy, ultrasonography, video endoscopy, and lameness workup

#### The Office and Intern Apartment

### EXTERNSHIPS PRIOR TO INTERNSHIPS

*You are encouraged to attend the hospital for an externship prior to applying for an internship but not always required. Visit [www.miltonequinehospital.com](http://www.miltonequinehospital.com) for more information on our externships and internships.*
